Licenses and Prizing for ExProtect 5

License Models

Each module license purchased is valid for an unlimited period of time and can be used on exactly one computer. Licenses can be moved from one computer to another at any time.

All updates up to the next major version number and support are free of charge.

Licenses must be renewed free of charge every 4 months via our license server. A new license phase always begins on the following days of a year:

- February 1
- June 1
- October 1

Ten days before the current license phase expires, we make the new license file available for download on our server.
